

0900-0910 Opening		
PSA Kinetics after Radiotherapy 0910-0930	W. Burchardt MD, PhD Greater Poland Cancer Centre, Poznan	
Recurrence Imaging – MRI 0930-0950	J. Rembak-Szynkiewicz MD, PhD National Research Institute of Oncology, Gliwice Branch	
Recurrence Imaging – PET PSMA 0950-1010	A. d’Amico MD, PhD National Research Institute of Oncology, Gliwice Branch	
Recurrence Histopathology 1010-1030	Prof. E. Chmielik MD, PhD National Research Institute of Oncology, Gliwice Branch	
Discussion 1030-1035		
Break 1035-1045		
Radical Recurrence Treatment – Present and Future Perspective 1045-1100	P. Wojcieszek MD, PhD National Research Institute of Oncology, Gliwice Branch	
Salvage Prostatectomy – Polish Experience 1100-1120	Prof. P. Chłosta MD, PhD Department of Urology Medical College Jagiellonian University in Krakow	
Salvage prostatectomy and lymph node dissection in case of recurrence after prostate cancer radiotherapy 1120-1140	Prof. O. De Cobelli MD, PhD and Dr. F. A. Mistretta MD Department of Oncology and Hematooncology, University of Milan, Milan, Italy and Division of Urology, IEO European Institute of Oncology, IRCCS, Milan, Italy	
Sponsored lecture ELEKTA None-invasive MR-guided prostate cancer treatment with Elekta Unity 1140-1210	E. Geerlof Region Europe Sales Director – Unity	
Break 1210-1220		
Salvage Brachytherapy in Poland 1220-1300	Presidential Session	
Focal salvage HDR-brachytherapy for radiorecurrent prostate cancer: 7 years of experience at the UMC Utrecht 1300-1320	M. J. van Son MD Dept. of Radiotherapy, University Medical Center Utrecht	
Salvage BT after local failure from radiotherapy. Comparison of efficacy and toxicity with HDR and LDR 1320-1340	I. Henríquez MD, PhD Hospital Universitario Sant Joan, Reus, Spain	
Salvage Brachytherapy – Erlangen experience 1340-1400	Prof. V. Strnad MD, PhD Department of Radiation Oncology, University Hospital Erlangen, Germany	
Sponsored Session Astellas	Radiotherapy in the multidisciplinary model of care – castration resistant prostate cancer 1400-1420	P. Wojcieszek MD, PhD National Research Institute of Oncology, Gliwice Branch
	Systemic treatment for castration resistant prostate cancer patient 1420-1440	W. Bal MD, PhD National Research Institute of Oncology, Gliwice Branch
SBRT in nodal prostate cancer oligoprogression 1440-1500	Prof. J. Fijuth MD, PhD President of Polish Society of Radiation Oncology	
Salvage SBRT for intraprostatic recurrence after prostate radiotherapy: How do we do it? 1500-1520	Prof. B. A. Jereczek-Fossa MD, PhD Department of Oncology and Hematooncology, University of Milan, Milan, Italy and Division of Radiotherapy, IEO European Institute of Oncology, IRCCS, Milan, Italy	
CyberKnife Salvage Re-irradiation of Prostate Cancer Relapses 1520-1540	Prof. L. Miszczyk MD, PhD National Research Institute of Oncology, Gliwice Branch	
Salvage after salvage: what to do with recurrences after prostatectomy and post-operative radiotherapy? 1540-1600	Prof. W. Majewski MD, PhD National Research Institute of Oncology, Gliwice Branch	
1600-1610 Closing Remarks
