

Thursday 27th March 2025

Session: Breast Cancer

9.00 – 9.10

Opening

Dr Piotr Wojcieszek MD, PhD

9.10 – 9.30

LECTURE: MRI in breast cancer recurrence – precision in detection and diagnosis

Dr Justyna Rembak-Szynkiewicz MD, PhD

9.30 – 10.20

DISCUSSION: The role of the multidisciplinary team in managing breast cancer recurrence

Dr Cristina Gutiérrez Miguélez MD, PhD

Prof. Vratislav Strnad MD, PhD

Dr Dorota Gabryś MD, PhD

Dr Marcin Kubeczko MD, PhD

Dr Magdalena Stankiewicz MD, PhD

10.20 – 11.10

DISCUSSION: META-RART – advancements in treating primary oligometastatic breast cancer

Dr Cristina Gutiérrez Miguélez MD, PhD

Dr Stefanie Corradini MD, PhD

Dr Dorota Gabryś MD, PhD

Dr Marcin Kubeczko MD, PhD

Dr Magdalena Stankiewicz MD, PhD

11.10 – 11.30

Break

11.30 – 12.00

LECTURE: Brachytherapy in recurrent breast cancer: a targeted approach to treatment

Dr Cristina Gutiérrez Miguélez MD, PhD

12.00 – 12.30

LECTURE: Turning the tide – external beam radiotherapy in recurrent breast cancer treatment

Dr Stefanie Corradini MD, PhD

12.30 – 13.00

LECTURE: Optimizing breast cancer treatment – integrating systemic therapies with irradiation

Dr Marcin Kubeczko MD, PhD

13.00 – 13.20

Break

Session: Miscellaneous

13.20 – 13.40

KEYNOTE LECTURE: PET PSMA – revolutionizing the detection of prostate cancer recurrence

Dr Olgierd Chrabański MD, PhD

13.40 – 14.00

LECTURE: Rewriting the treatment paradigm – particle therapy for recurrent cancer

Dr Maciej Pelak MD, PhD

14.00 – 14.20

LECTURE: Re-irradiation: the “some like it hot – others not” dilemma

Prof. Bogustaw Maciejewski MD, PhD

14.20 – 15.10

Break

Session: Gynaecologic Cancers

15.10 – 15.30 **LECTURE: Advances in radiation therapy for gynaecologic cancer recurrence**
Dr Marta Biedka-Paluch MD, PhD

15.30 – 15.50 **LECTURE: Managing gynaecologic cancer failure – the role of brachytherapy**
Dr Dina Najjari Jamal MD, PhD

15.50 – 16.10 **LECTURE SPONSORED BY GSK: Treatment of endometrial cancer failure – new data in immunotherapy**
Prof. Rafal Tarnawski MD, PhD

16.10 – 16.50 **DISCUSSION: The role of the multidisciplinary team in managing gynaecologic cancers recurrence**
Dr Stefanie Corradini MD, PhD
Dr Dina Najjari Jamal MD, PhD
Dr Marta Biedka-Paluch MD, PhD
Dr Magdalena Stankiewicz MD, PhD

16.50 – 17.00 **Closing remarks**
Dr Piotr Wojcieszek MD, PhD

Friday 28th March 2025

Session: Skin Cancers

9.00 – 9.05

Opening

Dr Piotr Wojcieszek MD, PhD

9.05 – 9.20

LECTURE: Let's start! – the best moment for dermoscopy of skin cancer recurrence

Dr Tomasz Krzysztofiak MD, PhD

9.20 – 9.35

LECTURE: Skin toxicity associated with selected systemic therapies

Prof. Grażyna Kamińska-Winciorek MD, PhD

9.35 – 9.50

LECTURE: Salvage surgery in skin cancer recurrence

Dr Andrea Paradisi MD, PhD

9.50 – 10.10

LECTURE: Different scenario – salvage irradiation in skin cancer recurrence

Dr Artur Chyrek MD, PhD

10.10 – 10.50

DISCUSSION: The role of the multidisciplinary team in managing skin cancers recurrence

Prof. Vratislav Strnad MD, PhD

Prof. Grażyna Kamińska-Winciorek MD, PhD

Dr Tomasz Krzysztofiak MD, PhD

Dr Artur Chyrek MD, PhD

Dr Piotr Wojcieszek MD, PhD

10.50 – 11.10

Break

Session: Bladder Cancer

11.10 – 11.20

LECTURE ENDORSED BY ASTELLAS: Enfortumab vedotin in urothelial cancer treatment

Prof. Piotr Wysocki MD, PhD

11.20 – 12.00

DISCUSSION: The role of the multidisciplinary team in the treatment of urothelial cancer

Prof. Grażyna Kamińska-Winciorek MD, PhD

Prof. Piotr Wysocki MD, PhD

Dr Paweł Iberszer MD

Prof. Wojciech Majewski MD, PhD

Dr Wiesław Bał MD, PhD

Dr Piotr Wojcieszek MD, PhD

Session: Prostate Cancer

12.00 – 12.20

LECTURE: Salvage reirradiation with brachytherapy for local recurrent prostate cancer – current evidence with focus on salvage brachytherapy for local recurrence after radical prostatectomy and subsequent external beam radiotherapy

Prof. Vratislav Strnad MD, PhD

12.20 – 12.40

LECTURE & DISCUSSION: “Salvage” – one word, many meanings: sRT, sBT, sSBRT, sRP

Dr Alberto Bossi MD, PhD

12.40 – 13.00

Break

13.00 – 13.30

DISCUSSION: Touch the untouchable: difference between biopsy proven and imaging only relapse

Dr Alberto Bossi MD, PhD

*Dr Paweł Iberszer MD
Dr Piotr Wojcieszek MD, PhD
Dr Magdalena Stankiewicz MD, PhD*

13.30 – 13.50 **LECTURE: Open your eyes and make it visible – MRI imaging**
Dr Piotr Radomyski MD

13.50 – 14.10 **LECTURE: No action is the action – preserving quality of life with observation**
Dr Piotr Wojcieszek MD, PhD

14.10 – 14.30 **LECTURE SPONSORED BY RECORDATI: ADT – the backbone of prostate cancer treatment failure**
Prof. Wojciech Majewski MD, PhD

14.30 – 15.00 **DISCUSSION: META-RART – Time, volume and chronology: the outcome of metastatic prostate cancer treatment**
*Dr Alberto Bossi MD, PhD
Prof. Wojciech Majewski MD, PhD
Dr Wiesław Bal MD, PhD
Dr Magdalena Stankiewicz MD, PhD
Dr Piotr Wojcieszek MD, PhD*

15.00 – 15.30 **DISCUSSION & LECTURE SPONSORED BY NUTRICIA: Optimizing cancer treatment through nutritional support – current guidelines and clinical practice**
Dr Paweł Kutnik MD, PhD

15.30 – 16.20 Break

16.20 – 16.40 **LECTURE SPONSORED BY BAYER: Darolutamide – transforming prostate cancer care with a patient-centric approach**
Dr Piotr Wojcieszek MD, PhD

Sub-session endorsed by Astellas

16.40 – 17.00 **LECTURE: Cardiological aspects of prostate cancer treatment**
Prof. Sebastian Szmit MD, PhD

17.00 – 17.20 **LECTURE: Enzalutamide: universal drug for every stage of advanced prostate cancer**
Dr Mateusz Malik MD

17.20 – 17.50 **DISCUSSION: New generation of anti-androgens in prostate cancer treatment**
*Prof. Sebastian Szmit MD, PhD
Dr Mateusz Malik MD
Dr Piotr Wojcieszek MD, PhD
Dr Wiesław Bal MD, PhD
Dr Magdalena Stankiewicz MD, PhD*

17.50 – 18.10 **LECTURE SPONSORED BY JANSSEN: Apalutamid – przełom w leczeniu raka gruczołu krokowego, doświadczenia własne**
Dr Magdalena Stankiewicz MD, PhD

18.10 – 18.15 Closing remarks
Dr Piotr Wojcieszek MD, PhD
